## The Cabana Club in the Woodlands

### The pool is open...

The Cabana Club in the Woodlands is a swim facility in a beautiful setting of trees and lawns. It is open to family and individual memberships. The majority of the members come from the Woodlands but many members come from our surrounding communities as well. The club has two beautiful Olympic pools, a toddlers' pool and nice locker rooms, showers and changing facilities. The club offers private swim lessons for individuals and groups.

One of the great features of the Cabana Club is the Woodland's Swim Team. The swim team is open to all children of Cabana Club members. To be eligible to join the swim team children must be able to swim the length of an Olympic pool and be age 18 or under, as of June 15<sup>th</sup>. There is no real minimum age, although generally the recommended minimum age is about 4 years old. During the 2003 season, this team had 193 swimmers. See [www.woodlandswimming.com/](http://www.woodlandswimming.com/).

The 2004 team season began with time trials on Sunday, May 16 and will end with the County Swim Meet in the middle of this August, but children are very welcome to join the team anytime during the season. Most of the team activities begin the week after school is out. The swim team is simply an outstanding activity for children of all ages during the summer months.

The Woodland's Swim Team is a member of the Contra Costa Valley Swim Conference (7 teams) and competes with many other recreational teams in the Diablo Valley area. Woodlands consistently places in the top 8 out of approximately 60 teams at the County Meet. The team's coaching staff is among the best in the region.

But, the team is not only about competition. These children become life long friends and as a team become very supportive of one another. There are many social events aimed at the various age groups during the summer including outings that make the experience all the more enjoyable.

If you want to treat your son or daughter to a terrific experience at the Cabana Club or on the swim team, contact Gary Lardiere at 935-8096 or Tracey Garber at 934-7076 for more information

### Lost Your Appliance User Manual?

We have had several inquiries about the maintenance articles and two had to do with appliances. I found a tremendously useful site on the Internet that answers just about every need imaginable. It is called [www.appliance411.com](http://www.appliance411.com).

I found online versions of the original user manuals for various old and new appliance models from literally scores of appliance manufacturers. For example, if you can't turn on your self clean cycle for your 8-year-old wall oven, this site can tell you. If you needed a replacement for a broken rack in your dishwasher, this site can tell you how to find it and how to order it. Take a quick look and then bookmark the site for the next time you lose your TV's user manual.
