Keeping You Informed For Over 40 Years

October 2007

## To Jim Tilley - With Thanks and Appreciation

Recently, Jim Tilley resigned his position as President of the Woodlands Association because he moved to be closer to family. During his six-year tenure as President, Jim has overseen remarkable changes in the Woodlands Association that have improved the quality of life in the Woodlands and put the Woodlands Board of Directors in closer contact with the community we serve. His accomplishments include elevating the image of the Woodlands within the City of Walnut Creek, strengthening the financial health of the Association, and raising the level of professionalism on the Woodlands Board of Directors.

Jim maintained regular contact with community members, the City of Walnut Creek, the Walnut Creek Historical Society, the Open Space Commission, Woodlands residents, and local businesses. Through these contacts, he kept his finger on the pulse of the community and took a leadership position on issues affecting our community. For example, Jim was a strong leader in gaining Community Emergency Response Training (CERT) for over 20 Woodlands Residents.

Under Jim's leadership, the Woodlands Association has become more financially sound through structured financial management and investment. It is our hope that the Woodlands will be able to establish a small college scholarship fund in the future once our financial goals are fully realized.

Jim also oversaw the creation of the Woodlands website and a remarkable transformation of our newsletter. We have heard nothing but positive comments on both from Woodlands residents and advertisers. The improved newsletter format costs less to print, requires considerably less handling to distribute, and is much more attractive to our advertisers, who provide the majority of revenue to the Association.

Lastly, Jim was very effective in recruiting a broad mix of talent to the Woodlands Board of Directors. His unassuming leadership style makes people want to work with him, and we found his supportive nature is reassuring, particularly during periods of significant changes to the newsletter.

We are privileged to have had Jim Tilley serve as the President of the Woodland Board. We thank you Jim for your dedication and leadership to the Woodlands Association. We wish you all the best wishes in your future endeavors. We will miss you.

# Parcel Tax Meetings

Source: MDUSD Board Member Paul Strange

As many of you are aware, the Mt. Diablo School Board voted on June 19<sup>th</sup> to pursue a parcel tax in the spring/summer of 2008. The group that is supporting the parcel tax has selected a name, a Treasurer and has filed for campaign committee status with the state. The name is the **Community United for Excellent Schools**.

The next meeting of the committee is Thursday, October 11 at the Dent Center at the MDUSD headquarters located at 1936 Carlotta Dr. in Concord. Meeting is at 7:00pm. The committee is hoping that there will be representatives from all schools as well as community members present.

President Eberhart also appointed a Board Committee to Support the Parcel Tax. Linda Mayo and Paul Strange were appointed as Committee members.

The Board also voted to hold additional community meetings on October 2<sup>nd</sup> and 16<sup>th</sup>. On October 2<sup>nd</sup>, there will be two simultaneous meetings at 7:00 pm at Concord High School and Foothill Middle School. On October 16<sup>th</sup>, there will be two simultaneous meetings at 7:00 pm at Riverview Middle School and College Park High School.

Once the District has completed the community meetings, the Board will be making decisions regarding the amount of the tax, the uses it will be put to and what exemptions will be included. The Board is planning to make these decisions in November.

Many believe that this parcel tax effort is crucial for our district. MDUSD unrestricted revenue per student is the lowest in Contra Costa County and 150<sup>th</sup> out of 160 in the Bay Area. If you are interested, please attend one of the community meetings on October 2<sup>nd</sup> or 16<sup>th</sup>.

## Valle Verde Elementary School News

**HELP YOUR BASKET COORDINATORS:** Very soon the basket coordinator in each class (or your room parent) will be busy at work putting your classroom basket(s) together. If you haven't done so, please ask them if you can help or contribute to the baskets. Donate your own talent, solicit local businesses or go through your "unwanted presents" pile at home. Bring in baskets you no longer need, or help decorate and wrap the baskets. If all else fails, a cash donation is always welcome to fill in the gaps. If you need more information about the baskets, or a solicitation letter contact Evie Rajan at 465-4371 or kishandevie@yahoo.com. And remember: The silent auction is a great way to showcase your own business to the Valle Verde community!

**VOLUNTEERS NEEDED:** The carnival committee is still looking for volunteers to help in various areas. If you'd like to volunteer your time please contact Erica Randall at randall@astound.net or Cheri Pawlowski at toddandcheri@sbcglobal.net

### Campus Beautification Update:

It was a very busy summer at Valle Verde! The new 'Park' was put in the back of the school headed by Pat Krummen and his district co-workers. We'd like to extend a great big THANK YOU to him and his team for all their hard work! The 'Bird Sanctuary' area is well underway and will be completed when the fall rains come to help with watering. This area was funded by a generous donation from the Children's Center. It will bring much satisfaction to area bird lovers, and become a working classroom for the 2nd graders who will maintain the area to attract a variety of birds and other flying things.

We hope you've been enjoying the 6 inspirational words and quotes painted on the school walls. The words were chosen carefully to represent our school, and especially our hopes for the children!

The 'Compass garden' is now complete. The 1st graders will have fun understanding the bigger picture when it's time to study direction.

Watching the Native Gardens survive the summer gave us all hope. They will be refreshed by the winter rains, and really come to life next spring.

There were thousands of dollars spent and over 300+ volunteer hours put into creating our new landscaping. The gardens are meant to accompany various classroom curriculums to enhance learning. Please keep your kids and pets out of the new areas so we can reach our goal of a total learning environment.
